

EXPERIENCE 360 · CUSTOMER SERVICE

Solutions within reach of your customers, **on every channel.**

Omnichannel service, international certifications and installed capacity to grow whenever your operation needs it.

Three strengths to **run** **your customer service**

True omnichannel

- Voice, WhatsApp, social media, chat and email.
- Video calls at kiosks and inside the app.
- One team, one customer history.

International certifications

- ISO 27001 · ISO 22301 PCI DSS.
- Audited controls from day one.
- Faster approvals with regulators and brands.

Capacity already in place

- +3,000 seats ready to scale.
- +15 contact centers in 5 countries.
- 6 company-owned data centers.

+1,500

employees across the region

14

years of experience

+1,000

agents on a single account

5

countries with operations

One conversation, on the channel your customer chooses

Single history

Customers switch channels without repeating their case.

Skills-based routing

Every contact reaches the agent who can resolve it.

AI + the human touch

AI handles the routine and escalates the complex to specialists.

100% quality coverage

Analytics reviews every interaction, not a sample.

The largest customer service provider for **Claro** in Latin America

Resolution satisfaction

We exceed the baseline KPIs
Claro requires of its providers.

From SOFIPO to bank: **over 7 years** supporting their transformation

bankaool

01

Launch

6 customer service seats, back when they were still a SOFIPO.

02

Formalization

Adoption, formalization and delivery of manuals that meet regulation at every level.

03

Specialized reviews

Audits and certifications from Mastercard, CNBV and PCI DSS.

04

Banking license

Bankaool obtains its license to operate as a bank in Mexico.

Our ISO 22301 and ISO 27001 certifications sped up the process.

TODAY

Technology + specialized human talent: a balance that optimizes resources while keeping their vision of putting solutions within reach of their customers.

We arrive audited: your operation starts with **the trust of regulators and brands**

Information security

Your customers' data, protected in every interaction and channel.

Business continuity

Your service doesn't stop: tested plans for any contingency.

Payment data handling

Cardholder and payment service under the industry standard.

IT service management quality

Technology processes that are measured, documented and improved.

We also operate under **HIPAA** and **COPC** standards for healthcare processes and contact centers.

Immediate growth **whenever** **your operation needs it**

We run from 6 to over 1,000 seats per account, with room to grow without waiting.

Bars drawn to scale out of 5,000 seats.
